

Announcing Summer Re-Creation and Spiritual Training

At the request of teachers interested in new inspiration and realization for themselves, Mr. Mozumdar consented to open the temple of the Pillars of God to a summer school. Not for vacation, but for spiritual training and re-creation (recreation).

Students of the teachers of the New Messianic Message who had proven themselves earnest and steadfast, were also received and the work has been so help-full and success-bringing to all the Messianic students of Truth, that an extra series of classes is being added this year. In spite of restrictions to travel those who have seemed to belong and to have visioned to find their own in God have found themselves at the lodge at the right time to receive this blessing of intensive realization in master wisdom.

“Whatever you accept with your mind becomes a reality to you. The Power is within you—God is within you. Learn to accept and operate this Power and you will be a new man; you’ll find the invisible help of the Super-Conscious always at hand”.—A. K. Mozumdar

At Mozumdar Lodge

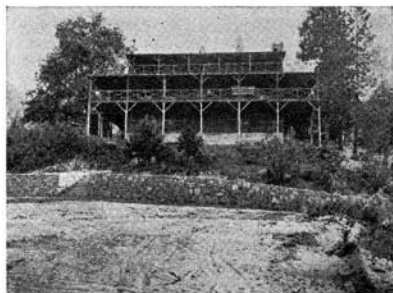

Hark! the night wind breathes of rapture

Far beyond our mortal ken,
Listening ears more plainly capture
Radiance of Peace, goodwill to men.

Heralded in living and in story
Truth comes into our hearts to dwell,
The Message, its hope, its glory,
Make our joyous praise upswell.

Hark! Again the sound of voices
Rise glad and strong and clear,
Now the earth with Heaven rejoices
For the New Messianic Message is Here.

Silent stands the mural temple
Where glad visions never cease,
Come ye nations! Come ye people!
Accept and use this gift of peace.

The Purpose of The Victory Cross and Prosperity Bank

Once an atheist who used to scoff at the very name of God and religion was facing utter ruin. Every expected avenue of human help was closed. Being depressed and baffled, one balmy night as he was lying on his back in his roof garden and thinking of his plight, suddenly his eyes caught a glimpse of the star-spangled blue heaven above. He began to wonder, "Who or what is it that supports and sustains those myriads of stars and constellations? Can a blind force or power regulate this mysterious universe in exact order and precision? That is impossible. My existence which is inter-woven with this universe, must be receiving support and sustenance from the same Power. Then why should I worry about myself? The responsibility for my existence belongs to this Power." As he was contemplating, all at once an over-powering sense of peace and rest came over him. At that instant, a new idea flashed through his mind suggesting the solution of his problem. By acting upon it, he not only came off victorious, but also found a new meaning in life. It takes but a moment to come out of darkness into light when man believes in God as being greater than anything in his life.

"He that dwelleth in the secret place of the Most High shall abide under the shadow of the Almighty.

I will say of the Lord, He is my refuge and my fortress; my God; in Him will I trust.

Surely He shall deliver thee from the snare of the fowler, and from the noisome pestilence.

He shall cover thee with His feathers, and under His wings shall thou trust; His truth shall be thy shield and buckler."

In our mad rush for the things of the world, we often forget to remember this sublime truth. Therefore we need something to remind us of it. Hence the Vic-

tory Cross. It is not a good luck charm, and yet it brings good luck because it constantly reminds us of the Source from which all good things come. It also quickly transports us from danger to safety.

For instance, one dark night, a woman was crossing the narrow street near her home. All at once two cars emerging from side streets were coming toward her from opposite directions at a high speed. Her escape was impossible. She instinctively grasped her Victory Cross that she was wearing and gave a smothered cry, "Oh Almighty Father." The cars swerved over the curbs and the woman was saved. No escape is a narrow escape; it is always wide and open. No negative conditions can touch a man who looks up to God for protection. Get a Victory Cross today and follow the instructions given in a little pamphlet and chart. This Cross will last you a lifetime.

"Victory Cross" may be obtained from teachers of the New Messianic World Message or the Secretary of Book Department, 7454 Hillside Ave., Hollywood 46, Calif.

Price with Chart, Cross and Booklet \$1.00.

P. S.—Should you already have a Victory Cross you will be given the Prosperity Bank upon request.

The Pillars of God

No word can tell of the magic and glow
Of lights on the Pillars of God at twilight,

With sunsets that flame and softly go
Slipping into the deep velvet of night.

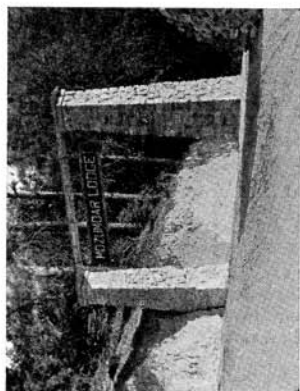

Vast pillars are the cedars and pines,
Circling twelve columns that prop the sky.

And through the verdant archways
shines

The Cross, with *Light*, that will not die.

VICTORY CROSS

Insure Yourself with God and Avoid Accidents, Misery and Misfortune.

GATE TO LODGE

Re-Creation

We traveled your paths and blazed new trails,
We hiked with the vigor of youth,
Forgetting the cares of mundane life
And learning Supernal Truth.

And then at eve when the day was spent
We sought your inspiring crest
And gazed, like the Gods, on the world
below,

While the sun melted silent to rest.

We turned our eyes to the stars above,
Bright, glistening worlds afar,
And felt the Universes blend
With the Message by Mozumdar.
